COMMANDERS REPORT

I would like to CONGRATULATE the JAMES F. BRENGEL Post # 456 for being the FIRST POST in the County to reach over 100% in Membership and for a job well done.

Veterans Day Services will be held on Sunday November 5 at two locations. Starting with the UVO services which will be at Eisenhower Park at 10:30 AM and followed by L.I. National Cemetery in Farmingdale at 2:00 PM. Please try and make at least one or both of these services with your Post Colors and do not forget your Legion Caps.

The Rehab Chairman Vice Commander Frank Colon, Jr has inform me that none of the Posts that were scheduled for the October Day at the Races at Northport Nursing Home showed up. This is the second month that we have had a bad turn out, & the donations to support the program are also down.

I feel sad that the Posts in the County can not spare one day a year or make a minimal donation of \$50.00 to support the Veterans. The Nursing home looks forward to our Day at the Races visit.

I wish all a Happy Thanksgiving and let's all us give thanks by praying for all those Service Personnel who are away from their families and homes. We should all be thankful that they are protecting our freedoms.

First Division Report

John Radin, Sr. 431-5192

Out of 18 posts in the 1st Division, I have been able to visit 8 thus far with 7 scheduled, 1 to be arranged and 2 that I have been unable to reach. These two posts are DeMott Carmen Post # 536 and J. Franklin Bell Post # 81. If anyone can contact me from these two posts, I surely would appreciate it. I must say that all the posts that I have visited have been more than cordial and been willing to try various membership methods.

I have explained to everyone about the Michael Amonte "Salute to the Veterans" show, taking place at the North Fork Theater (Westbury Theater in the Round) on December 10th, 2006 at 3pm. Tickets are \$49.50 and I still have a few complimentary tickets for WWII veterans.

If there is any interest, please contact me at 516-431-5192.

Remember to vote!

Have a Happy Thanksgiving.

God Bless you all and God bless America.

2nd Division Report

Frank Colon, Jr. Commander

The 2nd Division meeting was held on 27 Sept 06 at the North Bellmore Post 1749. I want to thank our County Commander Bob Reahl and County Treasurer Bill Harms for attending along with the following two Posts out of 17 which did attend. AVIATORS POST 743 and LEVITTOWN POST 1711. Subjects of discussion were membership, post events, and how to work with other posts on any rental overflow.

I did visit the Levittown Post on 21 Oct 06 and it was a great visit. I will be contacting the rest of the division Commander's about visiting their posts.

THIRD DIVISION REPORT

Howard Liebman, Commander 433-7487

We had our first Third Division meeting on September 25th at Plainview Post # 1812. The turnout was good, especially from Robert H. Spittel Post # 1285 who had five members present. We had a free exchange of ideas and it is an opportunity for each post to have an input and get information to take back. There are only three Division meetings for the year and one is over. Make sure your Post has a representative at the next one.

Third Division Report (Cont)

I am visiting the various posts in the Division and I thank the County Commander for accompanying me on my visit to Eugene S. Smith Post #175 last night.

Membership is the name of the game. Get the Transmittal Forms in on a regular basis because we can't get credit for renewals until those forms get to Department. Also, get them all in by early December to avoid the dues increase.

Our next Division Meeting will be on January 22, 2007 at Plainview Post #1812 at 8:00 PM. The subject will be Membership. All Posts should be represented.

REHAB REPORT

Frank Colon Jr. , 2nd Div CDR/Rehab Chairman

This past month saw only one post contribute a check for \$50.00 and they did show up but I had the wrong date. Sorry for the mistake but our dates for attending Northport VA Hosp is Every 2nd Sat of the month starting at 2PM sharp.

I truly hope that next month we have a good showing on the 11th of November. C-Team #3 should have no problems making the 2PM start, AGAIN if your post cannot make their visit please call Stu McKinney or myself and let us know, Also, Donations of \$50.00 if attending . And if you cannot make the visit, \$100.00

Also keep bringing toilet items when you come so the veterans can receive them, ie; toot.hpast. shaving cream, razors. toothbrushes. etc.

Special Thanks for Carol and Mark Klein from Mismatch & YooHoo for their help.

Membership Report.
Ned Johnson - 352-3733

The department has published the membership report as of October 12. The county is at 66.58%. The county goals, as designated by National, for November 15 is 65% and for December 13 it is 75%. However we need to fast track our membership renewals in light of the new per capita dues increase at national. Our goals are a little softer this year, at one new member per post, and thus may be more attainable. However I would like to caution everyone that the first 75% is always the easiest to bring in. We all should be trying to get 100% membership by the years end. This will save your members the new dues increase. The year end is in 65 days, so we need to really work on our potential stragglers.

You can find your post's membership percentage on the new county web site. Go to nassau.legion.org bring up the homepage and click on the box "Links and Information., go toward the bottom of that page, and under the "Membership" heading click on "Latest Membership Report" If your post is below the monthly membership quotas we need to bring you up to speed. We can help your post to attain your membership goals. Please contact your division commander or myself and invite us, we will be glad to share our experience and aid you in rounding up your membership.

WINAL REHAB REPORT Arlene S. Howard PCC, Chairman

Today, October 27, 2006, the VA held its 4th Annual "Celebrating Women." The Program was the best I have ever attended at the VAMC. There were well over 170 women + a few good men in attention. Part of the program included the Guest Speaker Congresswoman Carolyn McCarthy (Introduced by Yours Truly) who gave a very informative talk on her trip with 7 other Congresswomen to Iraq and her part in the funding for the veterans at Walter Reed with Head Trauma. The Keynote address was give by Alicia Figueras, The Producer and Host of "Long Island with Alicia" Weekly Cable TV Talk Show. Alicia is a Women Veteran having served in the U.S. Army. She was fantastic and enjoyed by all present. The program ended at 3 p.m. and all the women taking part in the program, including myself, were presented with a dozen roses.

As I told you last month the VAMC at Northport has a very well run Women's Wellness Center under the leadership of Cheryl Hansen, MSN, RN(Cheryl is a U.S.A.F. Vietnam EraVeteran). and Jo Savan, the Women Veteran Program Assistant and they along with other members of their committee did a "bang up"job putting this event together. "Thank You" again Ladies.

The center offers many health care services for women veterans. The direct phone number for the Women's Wellness Center is 1-631-544-5314.

The Department of Veterans Affairs calls on all veterans to express their patriotism and pride on Veterans Day, Memorial Day and the Fourth of July by wearing your medals, whether participating in public observances or relaxing with family and friends. Your medals tell the stories of service in the cause of freedom.

NATIONAL CEMETERY REPORT
Ken Cadieux, PCC, Chairman

The Long Island National Cemetery will hold its Veterans Day Services on Sunday, November 5, 2006 with line up at 1:00 pm and services at 2 PM.

The New Ceremonial Bugle will be presented to the Cemetery by Commander Reahl for use by any Veterans Organization holding services at the Cemetery.

The Carillon has now been fixed and new flowers and plants have been placed in the Columbarium areas.

We are awaiting the plans for the new memorial garden to be placed in the Cemetery. It will be in the area of the old fountain that was removed. Funds will have to be raised for the flowers and shrubs for the area as well as several benches where families can sit and meditate. We would also be required to maintain the garden area and replace the flowers and plantings as required.

Constitution and By-Laws
Charles G. Mills - 759-4300

Last year's County Convention passed the following amendments to the Nassau County By-Laws: Resolved that the County By-Laws be amended by striking the period at the end of Section 3 of Article V thereof and substituting therefor, "from among the Vice-Commanders." Further resolved that the County By-Laws be amended by adding a Section 12 to the end of Article V, which shall read as follows:

" Section 12. Elected officers may resign by tendering their resignation to the County Commander, or (in the case of the County Commander) to the County Adjutant. Such resignations shall be final upon approval."

The County per capita is one dollar. The Tenth District per capita has gone from three cents to eight cents. This means that our net has gone from 97 cents to 92 cents. There have been proposals to increase our per capita, maybe by as much as fifty cents.

The October meeting of the National Executive Committee recommended that all levels of The American Legion review their constitutions and by-laws to make sure that they comply with the National Organization's non-discrimination policies. There will be a meeting of the Constitution and By-Laws Committee to discuss the per capita and discrimination.

After that meeting any post that thinks we have recommended an excessive increase or not recommended an adequate increase and wishes to make a proposal of its own should get such proposal, as approved by the post members and in correct technical form, to the County Adjutant well before the deadline for him to mail it.

Protocol

Unless there is a protocol emergency between now and the end of the year, this committee has finished its work for the year. I want to thank PNVC John Tipping, PDC Rev. Mr. Frank Ward, PDVC Mike Miller, and PCC Ed Smith for their work on the committee.

I especially want to thank PCC Tony Paternostro for his prompt help and useful suggestions in putting together a list of distinguished guests for the Military Ball.

I thank the Commander for the appointment.

ORATORICAL PROGRAM
Angel E. Soto County Chairman

There are 71 Secondary Schools for which we have prepared packets to be delivered by a representative of the Post in the community of the School.

Each Division Commander has been given the packet for the Schools in the Division. At the conclusion of the meeting those Post's that are present see your Division Commander for the packet for the School in your area. You will sign for the packet and advise your Division Commander the name of the person to whom you gave the packet. The Division Commander will be responsible to have any packets for a School delivered to the School by a Legionnaire in the School area.

The reason for this procedure is to insure the Schools do receive the packets. We at one time mailed the packets but many Students complained the School did not have the material.

We had a great turn out last year - we can handle as many students as you can recruit. Each Post Commander has received the basic letter in the packet. Read the letter and be familiar with the amount of money a student can win.

In the meantime should any Legionnaire know of any student interested in the program, or is contacted by a student regarding the program please let me know as soon as possible. I will gladly assist you any way I can.

Gulf War Syndrome Criticized

On September 12, 2006, the Institute of Medicine (IOM) released a report entitled, "Gulf War and Health: Volume 4. Health Effects of serving in the Gulf War." The report is based on an analysis by an IOM committee charged "to review, evaluate, and summarize peer reviewed scientific and medical literature addressing the health status of Gulf War veterans." While the report dismisses the theory that the Gulf War illness is a single syndrome, the committee does recommend further study into the prevalence of particular diseases among the Gulf War veteran population. (Thomas Zampieri, BVA). According to WebMD, 30% of Gulf War Veterans complain of some form of "multisymptom" illness, often including fatigue, depression, anxiety, pain, or gastrointestinal problems.

Veterans March on Washington

The South Hudson Valley Veterans Coalition, representing veterans from Dutchess, Orange, Putnam, Rockland and Westchester Counties, are planning a national event on Veterans Day, November 11, 2006. Called VETS-MOW (March of Washington) the organization hopes to rally 1 million veterans at the Lincoln Memorial at 11:00 AM on Veterans Day. For more information contact Sal Scarlato, 1st Vice president of the Central Long Island Chapter, Korean War Veterans Association, at (631) 724-5459.

GI Bill Increases

Good News - the GI Bill now provides \$38,000 in education benefits for 36 month studies (traditional 4 year education with summers off). Bad news: Tuition at Long Island's private colleges for four years without room and board average \$86,588. Add another \$9,170 per year for room and board. SUNY Stonybrook is a bargain at \$5,000 per year plus \$8,000 room and board. The best bargain is, of course, Nassau Community College. The first 2 years of a college education costs just about \$4,000 per year.

VA Secretary to Keep Manhattan , Brooklyn and Queens Facilities

This summer, Department of Veterans Affairs Secretary R. James Nicholson announced that the Manhattan VA Medical Center (23 Street) and the VAMC Fort Hamilton in Brooklyn would remain open, ending several years of consolidation studies. Further, the Secretary announced that the VA would replace the existing facility: a St. Albans location, with a state -of-the-art nursing home, outpatient clinic and domiciliary.

Lou Gehrig's disease

The VA is developing a nationwide registry of veterans who have Amyotrophic Lateral Sclerosis (ALS). Also known as Lou Gehrig's disease, it is a chronic progressive neurodegenerative disease that attacks the brain cells that control muscle movement. There is no known cure for this disease. The VA hopes to identify all veterans with the disease, enroll all newly diagnosed individuals, collect data including DNA samples that will be available for approved studies, and inform veterans about research studies they may be eligible for.

Contact the VA ALS Registry at 1-877-342-5257.
