COMMANDERS REPORT

Andy Booth

I hope that you all had a good and safe time in Binghamton.

In July I visited the Veterans news. I was interviewed by Ed Aulman. We talked about the two programs that the American Legion voted to do.

The first was to put a monument in Eisenhower Park, East Meadow, East Post will be asked to donate to help with the project.

The next program will be the internment of the unclaimed cremated ashes of Veterans. We are hoping to have a date soon. Have patience as this is new to all of us.

As I receive news of what is to happen I will mail or call the posts..

All the posts will be receiving a letter ask for help with this program. Try to help.

1ST DIVISION COMMANDER

Howard Kalachman

Thank you again for electing me for the high honor of being your Division I Commander / County Vice-Commander as our American Legion approaches a century of service.

As a new Division Commander, I want to thank my fellow officers, both present & past for their ongoing counsel and assistance.

Please feel free to call me with any issues you may have. I may not have answers for you but I do know where to get them. Looking forward to meeting all of you at your posts meetings and other events over the next months.

On June 10 former Division Commander John Hassett and myself attended a dinner hosted by Lawrence/Cedarhurst Post #339. The table next to us was composed of invited Veterans from the VA. What a nice event that was

Speaking of nice events, the last few years the Long Beach Joint Veterans Organization (consisting of the American Legion, VFW, JWV and Am Vets) has spearheaded the Long Beach Waterfront Warriors

Program which invites wounded vets (mostly from Walter Reed Hospital) to Long Beach with their families for a week in the sun. The event grows each year. This year 44 vets and their families will arrive July 23 at the VFW post in Long Beach. While in Long Beach, the soldiers and their families will be treated to a welcome parade, beach events, surfing lessons, boat rides, barbecues, and other activities and some rest and relaxation. Local Long Beach residents have, again, graciously offered their homes to accommodate most of the families, while others will stay at the new Allegria Hotel. I am proud to be marching in the welcome parade which steps off at Ohio Ave in Long Beach's west end at 3PM, Sunday July 24th.with my fellow vets. These brave young heroes have marvelous attitudes. I've attended this very rewarding event every year and this year will be different- just bigger.

For more information about the waterfront warriors event go online to the waterfront warriors site: <http://www.lbwaterfrontwarriors.org/>.

I marched with the senior county staff at the Independence Day event in Oyster Bay. At that time I also received your membership cards. I am happy to report that those cards have been deliver to al I but 2 of the 17 Division 1 posts.

I want to congratulate Joe Brunnetti and all newly elected officers in the various American Legion Posts.

The American legion has been an organization of volunteers since it began in 1919.

Each of you has strengths, and talents that we use to help our fellow Veterans. Our veterans are lucky to have an organization like ours. We are legionnaires in the spirit of the founding fathers of the American Legion who saw this as a Legion of volunteers helping their fellow veterans.

Unlike the pilot who comes out of the cockpit after the engines die wearing a parachute and tells the passengers, "We got problems but don't worry I'm going for help." We are the help!

One area where we desperately need help from everyone is in recruiting new, young members. Much of our American Legion membership is aging. We need hksunshine(cr~[hotmail.com](mailto:hksunshine@hotmail.com))

young members who we can groom to take over the reins

I'd like to continue doing the business of mutual helpfulness as it says in our preamble and charter, the business of helping veterans. That was my main reasons for joining the Legion in the first place.

To paraphrase John F. Kennedy, ask not what the American Legion can do for you but what you can do for your fellow veteran's though the American Legion.

I recently saw a bumper sticker that read: "If you can read this, thank a teacher - and, since it's in English, thank a soldier!" I was both a teacher and a soldier but want to thank each and every one of you for your service, time, and attention.

God Bless you all and God Bless these great United States America!

Howard Kalachman (516)978-5266

2ND DIVISION COMMANDER

Manuel Rodrigues

County Commander, Staff and Fellow Legionnaires,

I hope everyone is enjoying a safe and relaxing summer - I know relaxing is the hard part. The Legion year is well on its way and I look forward to continuing nd Division. County Commander Andy Booth, Membership Officer John Hassett, and myself had the pleasure of attending the William Clinton Story Post meeting this past Wednesday and we all benefited from the discussions. I ask that you submit your Post Officers information for the County Directory ASAP, and I also remind all Post Commanders to either email or call me with your contact information so that we can communicate efficiently throughout the year. Stay tuned for the scheduled date of our first Division meeting.

As always, feel free to contact me with any specific questions or concerns.

THIRD DIVISION COMMANDER

Louise McCann

Somewhere between "save as" and "send" my prior month's report went "missing". So herewith submitted is my combined report.

Thank you Commander Booth for affording me the opportunity to serve a second term as the Third Division Commander. Congratulations and welcome to Howard Kalachman the newest member of the county staff.

My sincerest congratulations to the following third division posts who attained 100% membership: Port Washington. my own host Charles A. Fowler, Jr.. Howard Van Wagner, Robert H. Spittel and Young Simmons. Four other posts in the division reached over 95%. Speaking of membership. all hosts have received their membership cards and posts [rosters](#). **BE SURE TO KEEP TRACK OF YOUR PUFs.**

I will be contacting all post commanders to schedule post visitations together with the dates and location for all requisite division meetings: general. membership and caucus.

I recently attended the "mini-installation" of new commander and staff at the Williston Post. Congratulations and best wishes to Frank Busa and his staff.

As you all are aware. I was "excused" from attending the convention in June. In case you were not aware, myself, several members of my staff and members of VFW Post 372 as a combined color guard were invited to attend the 85th Anniversary of the founding of Branch 50 of the Royal Canadian Legion in Kitchener Ontario Canada. Our Canadian brother and sister Legionnaires are so much like us as their concerns mirror ours - Veterans, Children, Community. The parade, ceremony of massed color from around the world and the celebration following were unsurpassed to any I have attended. If all that was not enough - we were presented with our Canadian Legion crests and welcomed as honorary Legionnaires. I could not be more proud to have represented my Country and the American Legion.

ALL ITEMS FOR THE COUNTY LEGIONNAIRE MUST BE SUBMITTED TO ME NO LATER THAN THE NIGHT OF THE COUNTY MEETING FOR PUBLICATION IN THE NEXT MONTHS FLYER. ALL ITEMS ARE SUBJECT TO SPACE REQUIREMENTS AND COMMITTEE REPORTS ARE USED FIRST.

Americanism Report

I am sorry to report that I have not received any submissions for the Department's Red, White and Blue Award since January.

This community service award can be presented to anyone in your community, Legionnaires also. The criteria are quite simple: individuals who have distinguished themselves by faithfully flying the flag over their homes over a LONG period of time and keep the flag in good condition; an individual or organization who places the flag at businesses, community events and special locations on all patriotic holidays; groups who are promoting and conducting patriotic events; businesses that make a special effort to display and fly the flag in conspicuous places throughout their facility and promote AMERICANISM to their employees

What a great way to let your communities know about the Legion, what we do and who we are – churches, synagogues, PTA, little league, ice rinks (for those who are hockey) enthusiasts – be creative!

Get out there – and bring membership forms with you – remember EVERYONE is a membership officer.

For God, Country and the American Legion,
Louise M. McCann, Americanism Chair

CELL PHONE COLLECTION PROGRAM

REGINALD BUTT, JR. PCC

I have a shipment of cell phones and accessories, 1 laptop computer and 1 portable (small) printer ready to ship. I will add whatever items I pick up tonight. Ken Cadieux has given me ten to eleven boxes of electronic items that the recycling center told me they would take, they even sent me 15 shipping labels. I ship everything this coming week, we may not get any money but it's worth the chance since we don't paid for shipping. As I stated before the recycling program has expanded and it now includes these items:

- | | |
|--------------------------|-------------------------|
| 1. cell phones | 5. GPS handheld units |
| 2. cell accessories | 6. Laptops |
| 3. iPods and MP3 players | 7. E-readers |
| 4. handheld game systems | 8. portable hard drives |

Keep collecting any and all of the above, bring them to the County meeting or if you have a large amount call me to arrange a drop off or pick up. Gas prices are going sky high so the traveling should be kept at a minimum.

"HOMELAND SECURITY"

REGINALD BUTT, JR. PCC CHAIRMAN

Each Post in the County should have a chairman for Homeland Security and Civil Preparedness. The County Chairman is being asked to compile a list of names of all the Post Chairmen in their respective County. This list will be forwarded to the District Chairman, who will compile the District list and then forward it to the Department Chairman. Each post should forward their chairman's name to the County Chairman. Include with the name, phone number, address and e-mail address (if one is available). To date only 10 posts have forwarded this information.

There are many incidents of naturally disasters in the U.S. at this time. The extreme heat through out the nation and early the massive flooding in the Mid-West. We must be prepared at all times as with the weather being so crazy we could be hit at any time. Remember the cornerstone of preparedness and prevention is AWARENESS for all hazards. Besides all these disaster we are reminded that terrorist attacks could come at any time. We have been warned that the underground systems are the most vulnerable but also the terrorist being hired in large or main systems, electrical, gas fields, etc. We have found many homegrown terrorist and this is a big problem. We have cells of homegrown terrorists and infiltrator, this is the time we must be extra alert, if you see something tell someone. With the current disasters people tend to think about them and let down their guards, we must always be alert on what goes on around us.

The bottom line is **"ALWAYS BE ALERT AND IF YOU SEE SOMETHING, SAY SOMETHING"**.

Town of Oyster Bay Veterans Advisory

Richard Hockhrueckner - Veterans Life Time Achievement. He is a Past County Commander and a member of the Charles Wagner Post 421 of Hicksville.

“LEGISLATIVE REPORT”

REGINALD BUTT CHAIRMAN

1. It time to call your Congressmen and woman and New York Senators. The Flag Amendment bills are back on the table. Senate Joint Resolution 19 and the House Joint Resolution 13 propose a constitutional amendment to protect the American Flag from physical desecration. The text states simply “The Congress shall have power to prohibit the physical desecration of the flag of the United States”. When you call the Congressman and woman and the Senators ask them to co-sponsor these resolutions. If they state they have “THANK THEM”. I called Congresswoman McCarthy and was told she would co-sponsor but call again.

2. The American Legion has reacted strongly in support of legal action that alleges unlawful religious discrimination against America’s veterans on part of the Houston National Cemetery. It is claimed that on at least 4 separate occasions, government officials told Legion and VFW burial teams in Houston that prayer and religious speech could no longer be included in burial rituals unless the family of the deceased submits a specific prayer or message in writing to the Director Ocasio for her approval. They were also told that the use of the word “GOD” is forbidden in unapproved ceremonies. A court case is pending.

3. The American Legion has told the White House to appeal Court’s ruling on “Don’t Ask Don’t Tell”. This ruling has been issued by the Ninth Circuit Court of Appeals. This ruling reinstated an earlier injunction by a lower court which was later reversed. The legion states “This lack of consistency and expertise by the courts makes it very difficult to operate a first-rate military, much less fight two wars.

American Legion Action Alert:

Don’t Let Them Set the Agent Orange Clock Back.

On July 19th Senator Tom Coburn (OK) introduced a Senate Amendment to HR 2055, the 2012 appropriations bill for funding military construction and the Department of Veterans Affairs. The bill, commonly called the Milcon/VA bill, would be amended by Senator Coburn’s propoal to change the medical standards used to determine presumptive conditions associated with Agent Orange.

“Do not let this amendment pass!”

This amendment would change the standard of medical evidence in studies from “positive association” to “casual relationship” The positive association standard was established in 1991 and has been in use for the past two decades. Causal relationship is a far more stringent and onerous standard. Furthermore it throws out years of precedent in VA claims Systems for the phantom promise of fiscal savings. The current system of careful scientific review of medical studies and research by the Institute of Medicine is a cautious system that nonetheless has provided exhaustive research reviewed every two years by the VA.

Do not stand for Congressional attempts to rewrite the system to make the fight harder for future generation of veterans. The Vietnam veterans and their successors have fought too hard to lose ground on this crucial issue.

The American Legion is calling on it membership to immediately contact their senators and to contact Senator Coburn’s office and tell them they will not stand for this attack on the veterans of Vietnam and other eras.

Tell them **NO** to Senator Coburn’s Senate Amendment #564 to HR 2055.

Call Senator Coburn’s office at 202-224-5754 or Fax 202-224-6008. You may contact NY Senators by calling the Capitol Switchboard at 202-224-3121 or 877-762-8762 and ask for you Senators office.

5. NYS Governor Andrew Cuomo to day signed a law that enhances the job security for public employees Serving in the Military.

Assemblyman Robert J. Castelli, author of the measure and Ranking Member of the Assembly Veterans Affairs Committee, bill amends the Civil Service Law and the Military Law to Prohibit public employers from abolishing positions based on a person’s military status. Under the measure, public employers are mandated to comply with the Federal Uniformed Services Employment and reemployment Act (USERRA) of 1994, and public employers are expressly prohibited from denying employment, employment benefits, or re-employment rights to any person or prospective employee based on past or current military service.

Veterans Affairs Voluntary Service (VAVS)

I am writing this message in order to drum up support for the Department of Veterans Affairs Voluntary Service (VAVS) program for the American Legion. As you all are aware, the American Legion is pushing to do ONE MILLION hours of service for VAVS. We are currently at 943,829 hours. This is just under 57,000 hours left to complete by October. Please try to push your Departments to help the American Legion achieve its goal. If you would like to commit to a certain portion of this as a Department goal, please let me know. I commend all of you and your contributions thus far and just ask for a little more assistance to make it happen. If I can be of any assistance to you in achieving our goal, please do not hesitate to contact me. Thank you for your service!
